

Gemma Hinchliffe

Previous School: Myers Grove School

Courses studied at Longley Park (2004-2006):

- A Level Art & Design
- A Level Product Design
- A Level Mathematics

University: Sheffield Hallam University

Degree Course: Architecture & Environmental Design

I thoroughly enjoyed the creative courses that I studied at Longley Park, and from this stemmed my interest in architecture and design. From a young age, I have always been an imaginative individual. I believed I had the flair, enthusiasm and commitment required to study architecture at University. Following completion of my Part 1 degree (BSc Hons, 3 years), I hope to gain practical experience, in order to further my studies at a higher level (Post-Graduate Diploma, 3 years). In the future, I hope to complete my studies and become a successful architect.
