I left Longley Park in 2006, packed my bags and moved into student accommodation, in the countryside of Cheshire, to study at Manchester Metropolitan University. Originally I wanted to stay and live at home but I knew that I would gain more of an experience by moving out. Whilst at University, I have learnt many new life skills and have grown as an individual. I definitely believe in 'stretching your potential,' trying something new and enjoying what you want to do! I'm now hoping to study for a PGCE to become a qualified teacher.
