Ian Boardman - Achievement Lead

Hi, I'm Ian. I work with teachers and tutors to create the extra opportunities students need to demonstrate when applying for university, apprenticeships, jobs, and for wider experience and volunteering schemes. Developing skills, confidence, resilience, and self belief, and getting students out into the world as much as possible is so important to progression. I teach Philosophy and Politics too. Learning about the world is a real pleasure for us all. Longley is ace! I really, really love my job. Staff and students are excellent. So welcome, come along and join us!

Our Advice to You

- If you are struggling to cope with the challenges of A-level / BTEC study, don't suffer in silence - just ask your teacher or your tutor, we will be happy to help you adapt. Identifying where you will need support & doing something about it is a valuable life-skill!
- Don't leave your assignments until the last minute and make sure you get involved with all the extra fun stuff we do here at Longley Park.
- Build good relationships with both your subject teachers and your Academic Tutor as they will support you throughout your time at Longley Park!
- Make sure to use the Sixth Form's wide range of independent learning resources. Sixth form is a little different to school. There is a bit more emphasis on work done outside the classroom, so places like the ILC (Independent Learning Centre) will be key to your success at Longley.
- Read, read, read doesn't matter what, doesn't matter where, read to learn, read for pleasure....just read!
- The Independent Learning Centre has loads of resources to help you with your studies - use them! Also, make use of the knowledge and skills of the staff working in there - they can help too!
- Make notes - lots of notes! You won't always remember what is said in lessons, taking notes helps.
- Make the most of your time spent at Longley, get involved! You'll get so much more out of your experience.
